

EL PASO DATA IS  
PUT IN FIGURES

**Tax Collector McSain Gives  
Out Standing With Other  
Texas Cities.**

In population, El Paso was the fifth city in Texas, with 44,754; in area, it was seventh, with 574 acres; in assessed valuation, it was fifth, with \$16,767,876; in percent of valuation, it was eighth, with a 60 percent basis; and in tax rate, it was fourth, with \$1.50. These statistics are taken from a table of figures for eight leading Texas cities for the year 1925, compiled by city tax assessor William P. R. McSain from census reports.

The cities covered were El Paso, Dallas, Galveston, Houston, San Antonio, Fort Worth, Waco and Austin. The same relative rating will prevail this year, except that the population and area will show up larger, on account of the addition of Government Hill to the El Paso corporation. This city's tax rate, too, is expected to be among the highest in the state this year.

A curious feature of the statistics was that Dallas and San Antonio had almost the same population, Dallas having 121,277 and San Antonio only three less. Dallas led the state.

CHARGED WITH NEGLIGENCE  
CHILDREN, MAN FINED \$25

On a charge of neglect in connection with his two children, who witnesses testified had been found burning on the streets, J. L. Carter, 716 Leon street, was fined \$25 in the police court Wednesday afternoon. The statement was made that the children were short of clothes and "looked as if they hadn't had a bath for six months."

## A FIGHT FOR LIFE

It has been fight or die for many of us in the past and the lucky people are those who have suffered, but who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's "An-Gene." You should promptly heed nature's warning, for it is a dire, deadly, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as Bright's disease, diabetes or uric acid in the blood.

To overcome these distressing conditions take plenty of exercise in the open air, assist a hearty meat diet, drink freely of water and at each meal take Dr. Pierce's An-Gene Tablets (double strength). You will, in a short time, find that you are one of the firm indorsees of An-Gene as are thousands of new ones.

Step into the drug store and ask for An-Gene or send Dr. W. M. Pierce, Buffalo, N. Y., 100 for trial box. An-Gene, many times more potent than lithia, eliminates uric acid as hot water melts sugar.—Adv.

RUSH FINE CARS  
FOR AUTO SHOW

**Many Next Year's Models  
Are Coming by Express;  
Parade to Have Bands.**

Some idea of the plans that are being made by the El Paso motor car and truck dealers for their third annual show, which opens at Florence street and Marquette avenue on Monday evening of next week, can be gathered from the fact that big shipments of both cars and trucks are now coming in by express as well as freight. To be able to show the complete Republic truck line, the Southern Motor company had to get a six-ton tractor truck here in a hurry, as the one they had been saving for the show was demanded by a New Mexico lumber company. The only way the six-ton truck could get here would be by express, but a New Mexico lumber company on Wednesday stated that it was being shipped by express from Kansas City.

**Many New Ones Coming.** The Maxwell factory has notified the Southern Motor company that a custom Maxwell chassis and a couple of expert demonstrators are now on the way to El Paso for the show. M. L. Naguin has had advice from his company that the 1926 Velle models will be here for the show, while the Habicht-Pulson company is already preparing its big exhibit, which will probably be the largest at the show. This will include Pierce-Arrow cars and trucks, Jordan and Hispano-Huile cars. The total value of this exhibit will run close to \$150,000.

**Three Bands in Parade.** The Lions Star Motor company will have three bands, but until E. G. Perry returns from a hunting trip about the end of this week it will not be known just what cars will be shown.

Plans for the motor parade on Monday night are advancing nicely. There will be at least three bands in the parade and possibly two or three others. An effort is now being made to obtain El Paso's only "motorized band," the El Paso Motor company's musical club, for the parade.

PLAN TO RAISE FUND  
FOR SOLDIERS' RECREATION

Plans for carrying on the work next week for raising the soldiers' welfare and recreation fund for El Paso, were discussed at a meeting Wednesday at Hotel Sheldon, when R. B. Grondorf, chairman of the finance committee of the local organization, called in several others interested in the work for luncheon. It is planned to start the work next week with a series of socials to be held at Hotel Sheldon. Those at the luncheon included Mrs. Donna Grondorf, who is in charge of the recreation work for soldiers in the El Paso district; Robert Krakauer, George E. Lefferson, E. G. Martin, Kayser, E. C. Davis and G. A. Martin. Donald Gillies will probably be placed in charge of the campaign. Three thousand dollars have already been subscribed for the work.

**To Sell Meat at Cost.**  
New York, Nov. 2.—Arthur Williams, food administrator, was notified today by Albert Rosen, owner of five retail meat stores in Brooklyn, that for the period of the war all

**Grand Jury Indicts Two  
Mexicans in Cowart Case**  
Among seven indictments returned Wednesday by the grand jury in the 14th district court was one against Miguel and Antonio Rodriguez, Mexican youths, charged with murder in connection with the death of G. B. Cowart, an American who died the night of October 14 as a result of a blow on his head from a brick. Three Mexican lads were arrested by the police in the matter, but the prosecution of the trial has been dropped. Evidence at the preliminary hearing showing he was not implicated.

Other indictments on which returns have been made are Antonio Bustamante, a Mexican, and James J. McGee, a white man, charged with the theft over \$50 and burglary.

By business firms of El Paso, it is planned to raise \$2500 for the immediate construction of a swimming pool at Fort Bliss.

**GUY GIVEN, NEW MEXICO BOY,  
GOES TO ENGLAND FOR U. S.**

Word has been received from Guy Given, son of Dr. P. L. Given, 712 North Santa Fe street, that he is off with a government commission to England, from Harrisburg, Pa., where he has been living recently. Young Given has been away from here six years, during which he has been serving as an expert in organic chemistry connected with the Pennsylvania State college. He is a graduate of the A. & M. college of New Mexico, formerly lived with his father and family at Hillsboro, N. M. For some time he has been connected with the Atlas Powder company in the east.

**NIGHT COLLEGE COURSE TO  
HELP ACCOUNTING STUDENTS**

Expert accountants will be taught in the night school of the College of El Paso, which opens in the county court room in the courthouse Monday night at 8 o'clock. T. A. Thurston, of this city, will be the instructor. He said that there are five accountants in Europe to one in this country and that there is a tremendous demand for expert accountants everywhere, through the cooperative arrangement between the college and the City National bank of New York, El Paso students can find lucrative places in the string of banks controlled by that institution, chancellor H. M. Colvin said.

**Finds Scarlet Fever Serum.**  
Stockholm, Sweden, Nov. 2.—An announcement was made at a meeting of the Swedish Medical society yesterday by Dr. Carl Kling, bacteriologist in the Carolyne hospital, of the discovery of a serum for the treatment of scarlet fever. It was said the serum had reduced mortality in the severest cases 17.75 percent as compared with a mortality of more than 70 percent.

**FOOD PLEDGES HERE WILL  
PASS QUOTA BY SATURDAY**

El Paso and western Texas is within a few thousand of achieving its full quota of food conservation pledges by the close of the campaign Saturday night. The total should be passed by the end of the campaign at the rate they now are being received according to food conservation George U. Clements.

Many women who have failed to receive the pledge cards have been sent their names to the food conservation headquarters at the chamber of commerce. The cards are urged by Mr. Clements to notify the chamber of commerce of the card and membership cards may be sent them at once.

## Read This Test:

In an Ohio factory one of the workers wore a Neolin Sole on his right foot, a leather sole on his left foot. In thirty-three days the leather sole was worn out. The Neolin Sole was worn one-sixth thru. In other words, it showed a wear capacity six times greater.

**A sole not branded Neolin  
is not a Neolin Sole**

## You Can Cut Down Your Shoe Bills

ON all styles of men's, women's and children's shoes, Neolin Soles save. For Neolin Soles wear better than ordinary soles and make the uppers last longer.

Just as in the test shown above, Neolin Soles reduce repair bills materially.

Eight million Americans have found that Neolin Soles also save by making uppers keep their shape better and wear longer than with ordinary soles. **For Neolin Soles are waterproof.**

Ordinary leather allows the water underfoot to soak through and penetrate the vital welts and seams on the inner side of the sole. In consequence the seams and welts stretch, the shoes lose shape, and wear out quickly.

But waterproof Neolin protects these welts and seams from water underfoot, and thus makes your shoes keep their shape, look well, and last long.

And when you first put on a pair of shoes Neolin-soled you will be pleasantly

surprised to find that they need no breaking in. They are more flexible and comfortable than ordinary soles.

When you do your fall and winter buying for yourself and for your family be sure to ask for shoes with Neolin Soles. You can get them in black, white or tan—and they always bear the brand Neolin.

Mark that mark, stamp it on your memory—Neolin

The Goodyear Tire & Rubber Company  
Akron, Ohio

Leather soles are stiff—  
Neolin Soles are comfortable.

Leather soles slip—Neolin  
Soles grip, yet they can  
not scratch fine floors  
and furniture.

Leather soles soak up  
water—Neolin Soles are  
waterproof.

Rubber soles stretch—  
Neolin Soles hold their  
shape.

Rubber soles tear loose—  
Neolin Soles stick  
tight.

Rubber soles crack—Neolin  
Soles will not crack.  
Rubber soles are heavy—  
Neolin Soles are light.
